

RIZWAN ATAYE

PROFESSIONAL SUMMARY

Aspiring Computer Science student from Afghanistan with a strong passion for software development, algorithms, and problem-solving. Eager to pursue a Bachelor's degree in Computer Science at the Berlin School of Business and Innovation (BSBI) in Berlin to deepen my knowledge in software engineering, web development, and algorithms. With a solid foundation in both theoretical knowledge and practical skills, I aim to contribute to innovative projects and drive solutions within the tech field, while expanding my experience in an international academic setting

SKILLS

Programming Languages: Python, HTML, CSS, JavaScript

Web Development: Proficient in HTML, CSS, Bootstrap, JavaScript, and React, with a focus on responsive web

EDUCATION

High School Diploma
Qalai Kashif High School, Kabul, Afghanistan
September/2022

Relevant coursework: Mathematics, Information Technology, Physics, Computer Science

Gained foundational knowledge in programming and problem-solving.

CERTIFICATIONS & COURSES

The Complete JavaScript Course 2024: From Zero to Expert! – *Jonas Schmedtmann (Instructor)* | *Udemy*, [march/2024]

The Ultimate React Course 2024: React, Next.js, Redux & More – *Jonas Schmedtmann (Instructor)* | *Udemy*, [2/2025]

Build Responsive Real-World Websites with HTML and CSS – *Jonas Schmedtmann (Instructor)* | *Udemy*, [1/2024]

The Ultimate Bootstrap Guide - Bootstrap 5 from Scratch – *Fatah Gabriel (Instructor)* | *Udemy*, [1/2025]

PROJECTS

Personal Blog Frontend
1/2025 – 1/2025

design and user experience.

Software/Tools: Git, Visual Studio Code, Eclipse, Microsoft Office Suite

Data Structures & Algorithms: Solid understanding of basic algorithms and data structures, enabling efficient problem-solving.

Databases: Familiar with SQL and MySQL, experienced in designing and querying databases.

Problem-Solving: Strong analytical thinking and logical reasoning, with a passion for solving coding challenges.

Languages: Pashto (Native), Dari (Native), English (Fluent)

Communication: Excellent verbal and written communication skills, essential for collaborating on projects and presenting ideas.

HOBBIES

Gardening
Cooking
Hiking
Shopping
Driving

Designed and developed the frontend for a personal blog using HTML, CSS, JavaScript, and React.

Focused on creating a clean, responsive, and user-friendly interface to showcase personal content.

Implemented responsive design principles to ensure accessibility across all devices.

Library MIS Frontend
2/2025 – 3/2025

Developed the frontend for a Library Management Information System (MIS) using HTML, CSS, Bootstrap, and JavaScript.

Created an intuitive user interface to allow library staff to manage books, patrons, and transactions.

Focused on enhancing user experience, making the system easy to navigate and use.

PERSONAL STATEMENT

Growing up in Afghanistan, I have always been captivated by technology and its potential to solve complex societal challenges. My passion for Computer Science has driven me to pursue a deeper understanding of software engineering, algorithms, and web development. By studying at the Berlin School of Business and Innovation (BSBI) in Berlin, I aim to immerse myself in a diverse, innovative academic environment where I can build on my skills and collaborate with like-minded peers. I am particularly excited about areas such as web development, user experience, and software architecture, and I am eager to contribute to projects that push the boundaries of what technology can achieve.
